## Summary

A motivated Front-end Developer with 8 months+ of experience building scalable applications for the web using React. Proficient in collaborating with cross-functional teams, debugging code and enhancing performance. I am committed to expanding my skillset and staying current with the latest developments in web technologies.

## Skills / Technologies

- Front-End Development | Responsive Web Design
- Proficient: React | JavaScript (ES6) | HTML | CSS | Git | GitHub
- Familiar: Tailwind | Bootstrap | SASS | TypeScript | Node.js.

## Experience

### **Self-Learning, October 2022 - Present**

Currently investing heavily in online resources such as FreeCodeCamp and Udemy. Completed quite a number of advanced web development courses. Developed and implemented projects with my knowledge. Expertly harnessed the power of **React, JS, HTML** and **CSS** for a seamless user experience. Please check out my [\*\*PORTFOLIO HERE.\*\*](#)

### **ICT (Corp Member), FRCN Ibadan, Nigeria. March 2022 – January 2023**

- Efficiently managed the process of teaching the IT students, the components of a CPU.
- Teamed with 3 colleagues to complete the project of installing advanced Operating Systems on computers.
- Contributed to the process of troubleshooting and diagnosing computer hardware and software issues on other office systems.

- Formatted various systems and partitioned hard drives with one of the supervisors.
- Worked with a supervisor to fix the camera positions in one of the recording studios.

**Company Intern, Pauly & Mark Inc.** Lagos, Nigeria. **April 2018 – September 2018**

- Worked with Graphics Designing tools (Adobe Photoshop & CorelDraw) to design a wedding magazine and a company's sales page.
- Researched and acquired knowledge about Digital Marketing.
- Designed an artiste's album cover using Adobe Photoshop.

## **Education**

**Federal University Lokoja** Kogi, Nigeria. **October 2015 – November 2021**

- BSc. Computer Science
- Relevant Coursework: Operating Systems, Data Communications.

## **Certification**

- **Responsive Web Design** – FreeCodeCamp **November 2022**
